Other Comments:

I do/do not recommend this vehicle for issue of Conditional.

Signed Historic Plate Registrar:Date:

Rectification Recommended:

Rectification Carried Out:

Approved by Historic Plate Registrar: Date:

I hereby state that all the information submitted on this application is accurate and declare that I'm the holder of Insurance Policy Number:

With the: Insurance Company which covers the abovementioned vehicle and that I will maintain this policy for the current period of issue of Conditional Registration by the Cronulla RSL Memorial Club Motoring Enthusiasts Group (MEG)

Signed: Date:

Acceptance: (on initial issue of Conditional Registration) I agree, in accepting Conditional Registration through the Cronulla RSL Memorial Club Motoring Enthusiasts Group, as the primary club, to be bound by the current rules and regulations of the MEG Club and the RTA relating to the use of conditional registration.

Signed: Date: Witnessed:

Note: A MEG member must be a financial member of Cronulla RSL and the MEG club. The Conditional Registration Scheme is invalid where the MEG member becomes a non financial member of one or both clubs and/or the vehicle is sold.

To gain Conditional Registration, the MEG member is expected to attend a minimum of three (3) MEG club monthly meetings before being considered for entry to the scheme. To retain Conditional Registration throughout each membership year, each vehicle owner will need to attend at least three (3) general meetings and, additionally, three (3) recognised events in a MEG HCRS plated vehicle in each registration year (if you have more than one (1) vehicle on the scheme, the minimum number of events you have to attend is three.

The MEG Club requires a 'Pink Slip' for Conditional Registration thus ensuring that the vehicle is roadworthy in conjunction with the completed RTA 1259 form. The RTA 1259 form with MEG Club stamp and signed by an MEG official must be presented to the RTA within forty two (42) days to be valid.

Should the MEG member not comply with this rule, re registration of the vehicle will be refused.

Provision of a completed vehicle log form (Number MEG HR 02 Issue 2) shall be provided to the MEG Club Registrar prior to re registration.
