

## FOR SALE

One of the best series 1 Austin Lancers you will see. Sold by Winterbottom Motors Perth in 1959.

Owned by a tradesman 1959 / 91. The new owner, an English Professor, professionally restored this car over the next two years.

We purchased the car in November 2020 and had it transported to the East.

I have been slowly doing some small jobs needed to bring the car into the condition that it is today.

**Price \$15,000**
